ISSUE DATE: 22/01/10	COMPANY ENVIRONMENTAL POLICY STATEMENT	SPH/HSD053

As a leading waste carrier and drainage services provider in the Midlands, S.P Holding Services Ltd is committed to minimising the environmental impacts of our operations through continual environmental performance improvement.

To meet these commitments we have established an Environmental Management System in line with the requirements of ISO 14001: 2004 in order to:

- Comply with, and where possible exceed requirements of relevant legislative, regulatory and environmental Codes of Practice
- Identify the significant impacts that company operations have on the environment, and to develop objectives and targets in order to minimise or where possible prevent these impacts. In particular the company will aim to:
 - Minimise or prevent air, water and land pollution by implementing effective pollution control programmes
 - Reduce consumption of raw materials and promote their re-use rather than disposal
 - Make efficient use of energy resources, reduce usage wherever possible and investigate alternative technologies
 - Minimise waste through implementation of re-use and recycling initiatives
- Monitor and assess environmental performance through an Objectives and Targets Programme and through internal auditing of the Environmental Management System
- Incorporate environmental issues into the decision-making process
- Provide adequate financial and physical resources to enable statutory requirements and Company Objectives and Targets to be met.
- Educate company employees so that they are able to carry out activities in an environmentally responsible manner
- Develop a relationship with suppliers and contractors so that all parties recognise their environmental responsibilities
- Communicate the company Policy and environmental performance to customers, regulators, the local community and other stakeholders

The company Directors are responsible for ensuring top management commitment to continual environmental performance improvement.
