EVENTS

WELCOME TO SP HOLDING GROUP

SP Holding was established in 1985 by Steve Holding. Today, the company has developed into a major multi-faceted company working with many blue chip companies within the water, construction, industrial and eventing sectors.

As the company has grown, it has always maintained the 'family-run' approach it did on day one, with Steve and wife Tracey taking an active approach in the day-to-day running of the business to ensure the same high levels of customer service are maintained.

This brochure highlights the various products and services we can supply for an event, these include:

- ▲ Cabins, Toilets & Showers
- ▲ Fencing & Temporary Roads
- ▲ Plant & Buggy Hire
- ▲ Drinking Water & Water Tankering
- ▲ Waste & Litter Removal
- ▲ Fabrication
- ▲ Transport & Delivery

EVENTS

As specialist suppliers of temporary welfare solutions to outdoor events and festivals across Shropshire, the Midlands and beyond, SP Holding offer the full event package.

We've supplied events equipment to everything from local community events, to major music festivals to construction and civil engineering companies working on the M6 motorway.

Our events team are able to offer the following services, including delivery and set-up, for all types and sizes of events, having done so for the V Festival, Big Chill, West Mid Show and Notting Hill Carnival in recent years:

- Portable and luxury toilets
- Portable showers
- Accommodation
- Full on-site plumbing services

CABINS/TOILETS/SHOWERS

PORTABLE TOILET & SHOWER HIRE

SP Holding can provide portable toilets for any occasion and to a wide range of specifications. From single portable toilets for small events right through to multiple toilets, disabled toilets and luxury toilets for larger and more specialist events, we are sure to have the product that meets your exact requirements.

We are also able to supply baby changing units and single disabled toilets. All of our units are fully self contained, they do not require a mains water supply or drainage system.

This means they can be positioned almost anywhere.

LUXURY TOILETS

Our Hi-Tech II model is the ultimate in single unit luxury, making it an ideal solution for weddings and other high profile events. The unit will exceed the expectations of your guests, with accommodation including a commercial quality stainless steel flushing bowl, hands-free foot-operated hand washing system, and no shortage of toilet paper with the five-roll dispenser.

With all home comforts...

Each of our luxury units is designed to the highest standards and is finished with top quality fixtures and fittings.

Our units feature the following:

- ▲ Warm water
- ▲ Soap dispensers
- ▲ Paper towels
- ▲ Air fresheners
- ▲ Vanity areas
- ▲ Mirrors
- ▲ Carpeting

PORTABLE SHOWERS

Our portable shower units are available in a wide range of layouts, many featuring bench seating, changing areas and integrated sink units. All of our units are of the highest standards, with integrated floor drains to ensure the area is kept clean and safe during use.

FENCING & TEMPORARY ROADS

TEMPORARY ROADS

If your event is being held on difficult terrain, as is often the case, temporary roadways manufactured by Sommerfeld are a cost-effective and environmentally-friendly solution. Our team can quickly set up a firm and safe temporary surface, which can then be easily dismantled at the end of the event – leaving the ground as you found it.

Our temporary roadways provide:

- Protection for the ground
- Solutions for disabled access
- Flooring for temporary structures
- Temporary parking areas

FENCING

SP Holding can provide a range of event fencing and barrier solutions for perimeter protection and access control.

Suitable for leisure and sporting events, all barriers are ideal for controlling and guiding pedestrians, and marking out designated walkways.

All our products can be easily and quickly installed, often without the need for specialist labour. Site visits, advice and recommendations, are also offered and in many cases installation can be arranged.

PLANT HIRE

Our plant hire division offers a complete hire package, including delivery, if required. We offer a wide variety of vehicles and equipment, from diggers to dumpers through to groundcare equipment. We also have a range of trailers (suitable for cars or up to 3 tonne mini-diggers), various small tools including Stihl saws, wacker plates and floor saws.

BUGGY HIRE

Some events cover vast areas, so take advantage of our 6x6 and 4x4 buggy hire to quickly and efficiently transport personnel and equipment throughout the event site.

We have a range of buggies available to suit your needs and budget and are able to deliver and collect from site as agreed.

GENERATORS & LIGHTING

GENERATORS

SP Holding have generators available from 3KVA up to 55KVA.

When you need dependable portable power, our generators are competitively priced to deliver performance and value. Our generators can be used to power a multitude of applications from lighting and heating to computers and sensitive electronics, safely, with no sacrifice in performance.

ELECTRICS & LIGHTING

We also have a range of floodlights available allowing your event to continue into the night. Our Lighting Towers with hydraulically operated masts and 360degree mast rotation, are suitable for any operation and their compact design ensures that the units can be easily transported in bulk.

WATER TANKERING

With a modern fleet of rigid and articulated tankers with capacities of 1000 gallons up to 6000 gallons, we are able to offer a wide range of tankering services to agricultural and industrial companies.

DRINKING WATER

In addition to our other event equipment, SP Holding's wide range of water units ensure a plentiful supply of fresh drinking water to any event.

Our water bowzers are available in a range of different sizes and specifications and are suitable for indoor and outdoor events. All bowzers come fitted with taps for ease of use.

Our Events team will deliver to and set up in any location in the country.

The following sizes of bowser are available:

- ▲ 1,000 Litres
- ▲ 2,000 Litres
- ▲ 3,000 Litres
- ▲ 30,000 Litres

WASTE & LITTER REMOVAL

WASTE REMOVAL

SP Holding provides effluent waste removal from portable toilets and septic tanks. Our fleet of vehicles range from 1000 to 6000 gallons in capacity to ensure all waste is removed safely, securely and efficiently after an event.

SP Holding can provide waste removal for:

-  Toilets
-  Septic tanks
-  Waste Water
-  Liquid Waste

Waste Storage Tanks

LITTER

SP Holding have a range of Exhibition bin solutions to ensure that litter is kept to a minimum at your event. We also have the capacity to provide litter pickers after an event so that the grounds and surrounding area are returned to their original status.

FABRICATION

Along with our standard events products, SP Holding offer a complete steel fabrication service on site if you require anything making or repairing for an event. This includes the design and manufacture of products to your specific requirements.

Typical projects include trailer fabrication, stairs and elevated walkways. A wide range of park furniture including benches, picnic tables gates and litter bins can also be generated on request.

All items are manufactured to a high standard, built to last and finished as specified by the client. Vehicles and trailers can also be customised in order for you to be able to transport more bespoke items to an event.

TRANSPORT

TRANSPORTING TO AN EVENT

SP Holding can deliver large vehicles or cabins to exhibitions. If you have a vehicle, cabin or anything large that you need at a show, we can pick it up and drop it off for you using one of our range of Low loaders.

IT SUPPORT

SP Holding can also provide a full range of I.T Development & Communications.

SP Holding are experts in IT and Communications and are ideally situated to supply I.T services throughout Shropshire, the Midlands and Mid Wales.

Our support services cover a wide range of equipment including desktop computers, servers, telephone systems, laptops, and printers. We also offer computer support contracts to maintain all of your IT systems.

SP Holding is able to offer a comprehensive networking solution, from implementing or improving current security policies, to cabling an all new data network. In addition to this service we have the capability of testing existing networks using the latest network testing equipment.

Our engineers are very friendly and trained to a high standard and are well educated in offering a cost effective and working solution to your problems. Whilst always keeping an eye on your budget.

SP Holding provide many different solutions depending on your requirements, whether that be for a company with 1 computer and 1 telephone or 50+ computers with several servers, 50+ telephones across different locations.

We will tailor the solution to your requirements and budget, whilst maintaining the best possible service levels at all times, we offer periodic reviews and monitor your systems regularly to make sure that they are running smoothly - we sometimes get to know when you have problems before you experience them.

-  2 hr Emergency support
-  Vastly experienced team
-  I.T Solutions for large and small companies

-  Telephone Systems
-  Computer Systems
-  Data Cabling/Networking
